

Prodigies

FREE STARTER PROGRAM

Dear families & teachers,

Welcome to Prodigies Music Lessons! Let the fun begin :)

This lesson plan moves step-by-step with the videos inside a week of lessons. We understand that each family or teacher has a different situation (number of students, hours for teaching, etc.)

So here are a few suggestions on how to use our lesson plans:

Parents:

1. Start by watching the video (1-3 times depending on how fast your child engages)
2. Follow up by reading the sheet music for each section. Do this without the video and go as slow as you need. Try to play in time, and use a metronome to keep a steady beat when you're ready.
3. After playing through the sheet music, complete the pencil-and-paper activities that follow. Keep your bells nearby and some crayons to match the colors.
4. Continue to practice with the video and the sheet music until your child is singing and playing the song with confidence and accuracy. Repetition is important.

The pacing of the program will depend on each unique child and how much time you have to commit each week. For children 3-5, it's important to use repetition, spending time with each bell, chord, rhythm, etc. will help develop your child's sense of memorized pitch and their sense of mastery over the concepts.

Teachers:

1. Follow the lesson plan as written (repeat videos when mentioned):
 - If you only have one lesson per week, we recommend you watch all the videos and then follow up by reading the sheet music for each section. Do this without the video and go as slow as you need. Try to play in time, and use a metronome to keep a steady beat when you're ready.
 - If you have two or more lessons per week, we recommend you spread out the lesson plan by working on one video (and its corresponding activities) per week. Repetition is Key!

With young children, aim to create memorable, meaningful and enjoyable musical moments. Focus on the individual notes, on simple call-and-response songs, and keep it as fun as possible.

You want to create a musical practice that is regular, fun and positive. The process of playing and exploring the musical notes is the most important part!

Along similar lines, try to end your sessions on a positive note, even if it means cutting the lesson a few minutes short! You want to leave a good, lasting impression at the end, so kids leave with a positive memory.

Week 1

Lesson Information

In this lesson, students will get introduced to Prodigies by exploring different types of lessons and activities that will help them start their music education.

I. Overview: The purpose of this lesson is to introduce Prodigies to the students by exploring different types of lessons and activities.

II. LEQ: How can a student learn music with Prodigies?

III. Objectives:

- Explore different types of lessons on different topics.
- Get an overview introduction on what Prodigies can teach a student.
- Start by learning the basic concepts with easy to follow lessons

IV. NAFME Standards:

- MU:Cr1.1.Ka With guidance, explore and experience music concepts (such as beat and melodic contour)
- MU:Cr2.1.PKa With substantial guidance, explore favorite musical ideas (such as movements, vocalizations, or instrumental accompaniments).
- MU:Pr4.3.PKa With substantial guidance, explore music's expressive qualities (such as voice quality, dynamics, and tempo).
- MU:Re7.2.PKa With substantial guidance, explore musical contrasts in music.

Week 1

Lesson Plan

In this lesson, students will get introduced to Prodigies by exploring different types of lessons and activities that will help them start their music education.

Video Checklist

Activator: Beet and Cherry	
Core Lesson 1: Campfire Song	
Core Lesson 2: Merrily We Roll Along	
Extension: Pipes in C Major	

Activator: Begin by having your students follow along the Beet and Cherry video with Mr. Rob, this is a call and response video, so just follow along and sing back when being asked.

Then, use the sheet music provided to learn the lyrics and follow along. Practice each rhythm slowly with body percussion until the students feel comfortable singing and playing.

Finish by repeating the video and singing along again.

Creation Activity: Print a copy of Beet & Cherry Cards for each student. Have your students cut all beet and cherry cards and then create a pattern of 4 using both beet and cherry.

When they are ready have a volunteer play their pattern and then have all students create a new one.

Core Lesson 1: Have all students sit in a circle and explain that they will be learning a new song with Mr. Rob called Campfire Song.

Ask students to pay close attention as Mr. Rob sings. When they see the bells jumping over the fire, they should join in by singing and signing the notes Do, Re, and Mi, look to Mr. Rob for guidance on how to sign these notes.

Watch the Campfire Song video and encourage strong singing voices and clear hand signs each time the notes appear.

Week 1

Reinforcement Activity: Give your students one or all of the three bells used on this song C,D or E.

Display the sheet music for Merrily We Roll Along. Lead the students in playing slowly, following your direction for timing and tempo. Each child/group plays only the bells that are assigned to them.

Repeat each line several times, giving students time to listen, adjust, and improve until everyone feels confident playing the melody.

Core Lesson 2: Watch the core video PK.L18 Merrily We Roll Along, have your students hand sign with Mr. Rob while you play the your bells.

After the video, have students sit in a circle. Pass the C/1, D/2 E/3 bells around the circle. When it's their turn, each student says hello to each of the bells saying "Hello C", "Hello D" and "Hello E".

Then, repeat the video and follow along by singing, signing and playing with your Red, Orange and Yellow bells (Do, Re and Mi).

Extension: To finish this lesson, introduce all bells/notes to your students.

Watch the video Pipes in C Major, have your students sing and hand-sign along while you play with your own bells. (or alternative have the student play the bells)

After the video, have students sit in a circle. Place the 8 bells in order in front of you. Invite each student to stand up, choose a bell to tap, and say "hello" using either the bell's color or its Solfege name.

Then, repeat the video and sing sign and play the notes of the C Major scale using their names, colors, numbers and solfege.

Connection Activity: Print a copy of the Hello Bells worksheest for each student.

Have students use the appropriate colors, trace the letters, numbers and Solfège name that belongs to each note.

Beet & Cherry

Sing the chorus to Sweet Beets while tapping a steady beat. Then in the verses, tap, clap or stomp with Beet and Cherry.

CHORUS

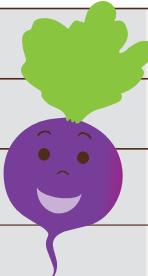

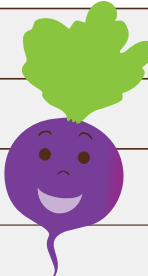

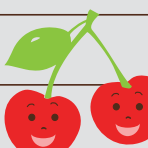

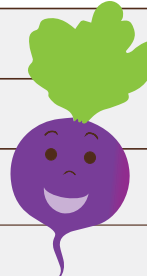

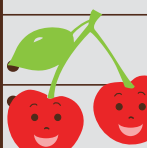

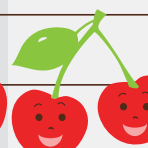

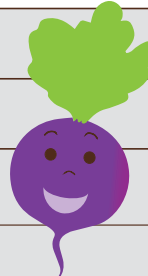

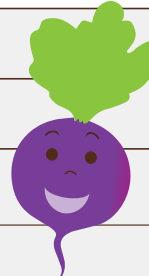

Sweet Beets, we've got some!

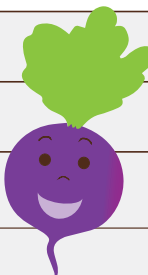

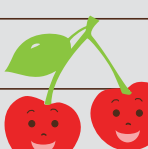

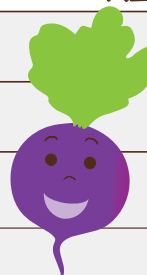

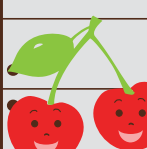

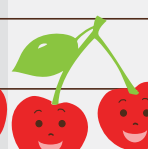

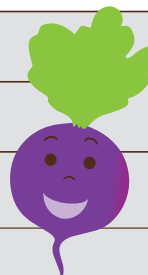

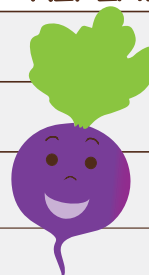

If you want some Sweet Beets, we've got 'em.

If you want Sweet Beets, we've got some,

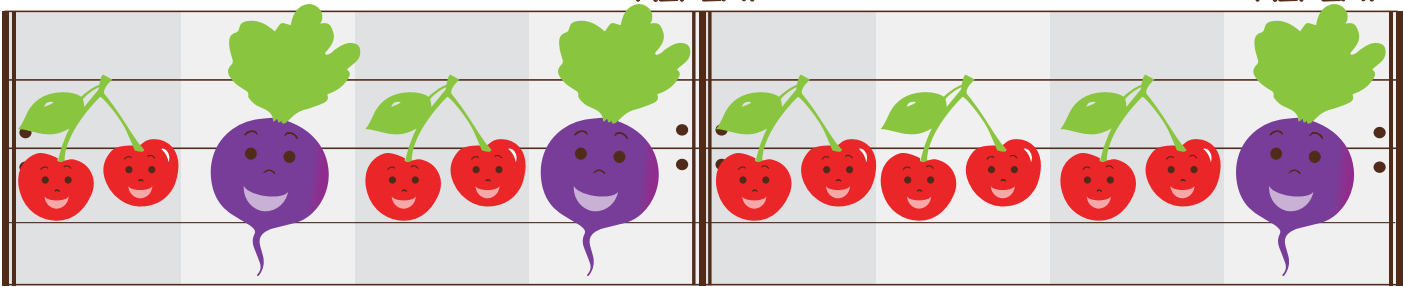

If you want some Sweet Beets, we've got 'em.

VERSE 1

				REPEAT					REPEAT
				:					:
BEET	BEET	CHERRY	BEET		CHERRY	CHERRY	BEET	BEET	

				REPEAT					REPEAT
				:					:
BEET	BEET	CHERRY	BEET		CHERRY	CHERRY	BEET	BEET	

VERSE 2

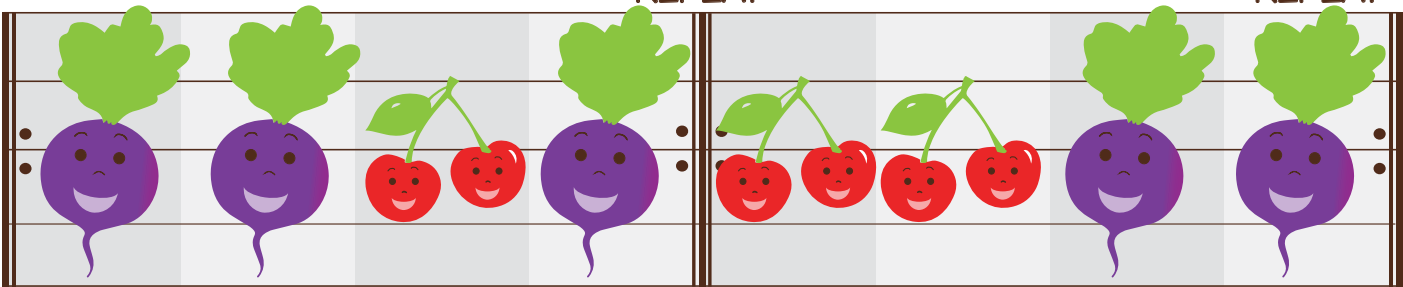

CHERRY BEET CHERRY BEET CHERRY CHERRY CHERRY BEET

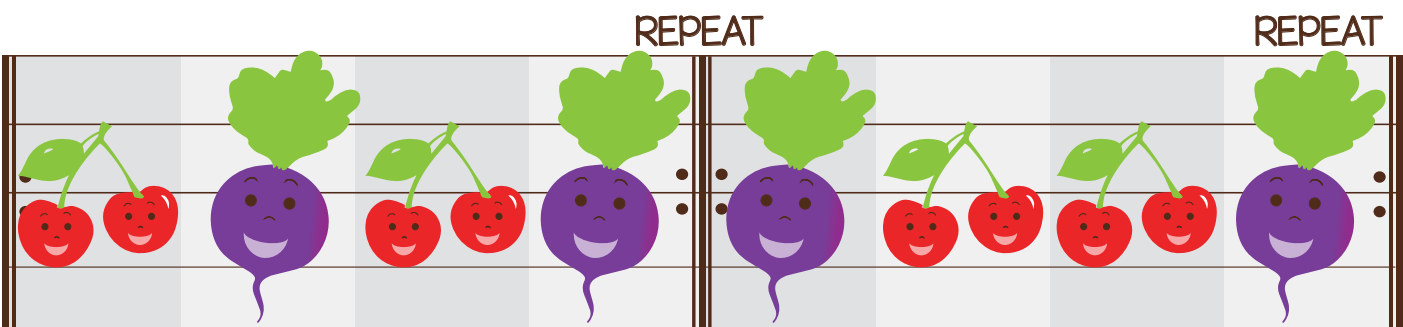

CHERRY BEET CHERRY BEET CHERRY CHERRY CHERRY BEET

VERSE 3

BEET BEET CHERRY BEET CHERRY CHERRY BEET BEET

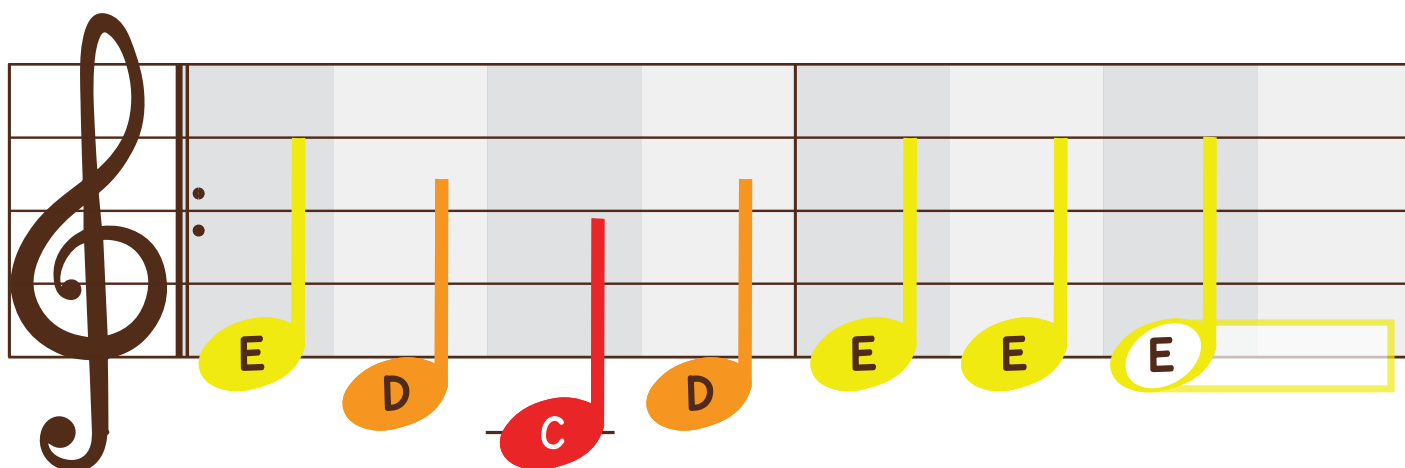

CHERRY BEET CHERRY BEET BEET CHERRY CHERRY BEET

Notes Used:

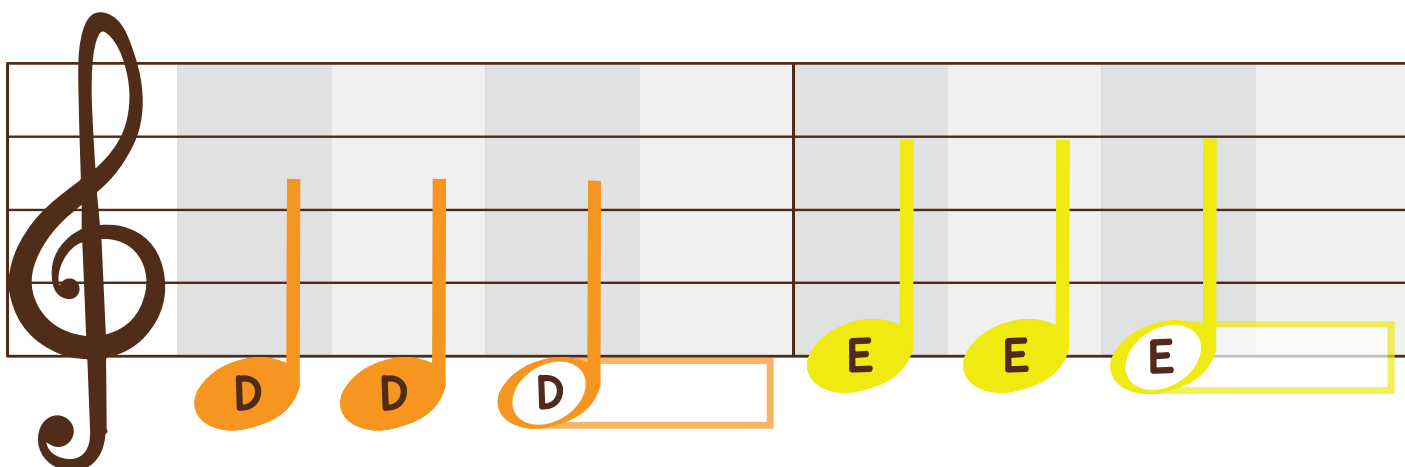

Merrily We Roll Along

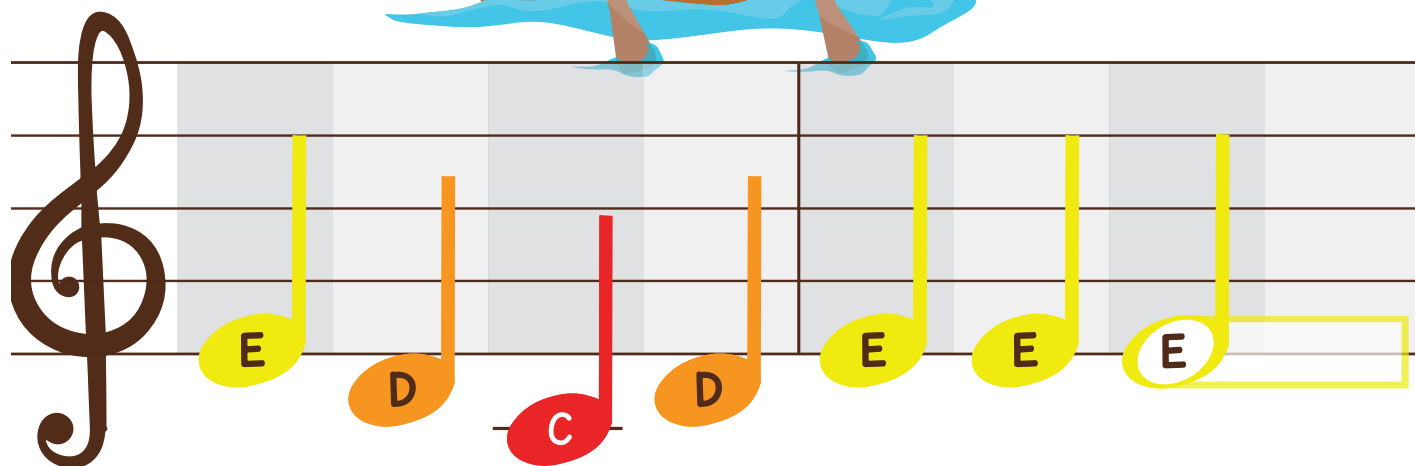

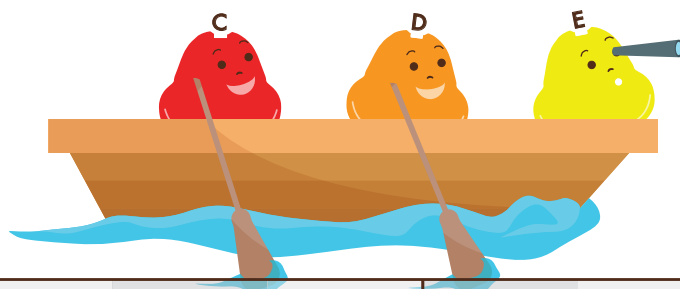

1. Mer - ri - ly we roll a - long,

2.

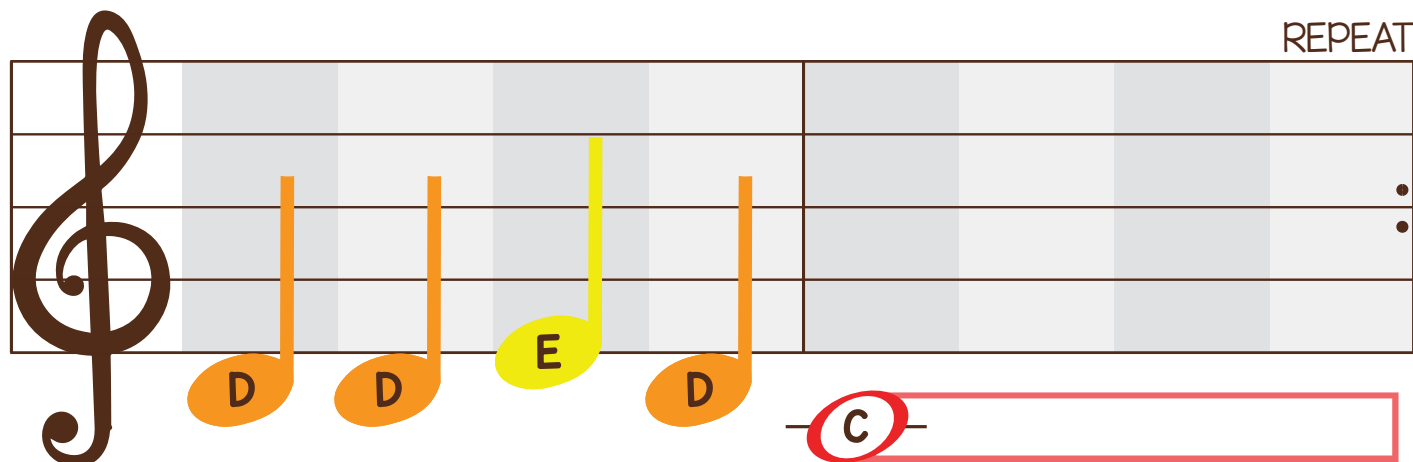

roll a - long,

roll a - long.

Mer - ri - ly we roll a - long.

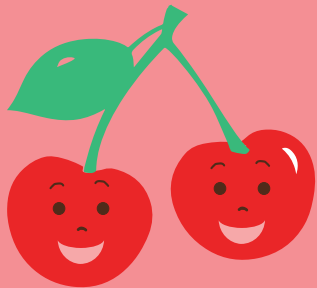

on the deep blue sea.

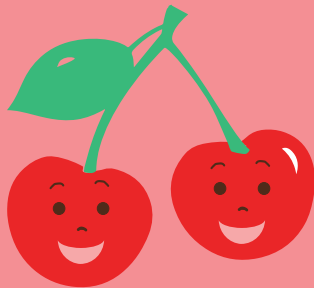

Beet & Cherry Cards

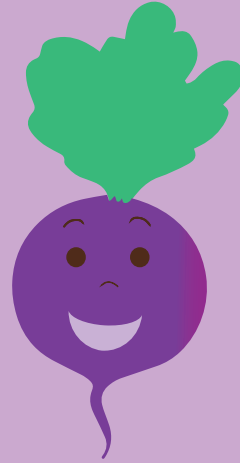

Cut all the Beet and Cherry cards, then create a pattern of 4 using both. When you find your favorite pattern, volunteer to play it for your class.
